EVZ Academy expanded

The EVZ Academy is a platform and forum for exchange, knowledge building and interaction, committed to the Foundation's themes. The virtual knowledge and information platform bundles and mediates educational offers for society. As a multiplier for the fields of activity Action and Education, it organizes meetings for networking, exchange and learning off- and online.

"To remember
means to act."

Esther Bejarano

In memory of the victims of National Socialist injustice. Let us take responsibility. Together for the past, present and future. For equal dignity and rights of all people.

The Foundation Remembrance, Responsibility and Future (EVZ Foundation)

- supports survivors of National Socialist persecution and strengthens descendants in their commitment,
- acts together with young people to keep alive the memory and the fates of the persecuted,
- initiates contemporary education for a critical examination of National Socialism as well as its consequences and effects,
- campaigns for equal dignity and rights for all people and against antisemitism, antigypsyism/anti-Roma discrimination, racism and all forms of discrimination,
- enables self-organizations to act effectively and is a strategic partner and supporter of civil society.

Against the background of its founding history, the EVZ Foundation is particularly active in Central and Eastern Europe, Israel and Germany.
